## ► RAINWATER HARVESTING

### DID YOU KNOW?

The roof area depicted in blue represents 500 square feet. In a 1" rain, the blue roof area will collect 300 gallons of water. With a 12" average annual rainfall, this home could collect 17,280 gallons of water over the entire 2,400 sq. ft. of roof area on this home.

**HOW MUCH COULD YOU SAVE?**
